

Box Scheme Delivery Driver

About Us

Regather is a Community Benefit Society, that means that any profit made by Regather must be used for the benefit of the community it serves.

It also means that we have a social mission, and that mission is to support the local community to engage with the food system (how food is grown, harvested, packaged, moved around, marketed, eaten and thrown away) in Sheffield. So that we can work together to change it for the better.
